MEANING COMES FIRST

Beyond individual words

Natural Marathi

Use clear Marathi in Devanagari. Explain unfamiliar Australian terms briefly, and choose respectful wording suited to the conversation.

Numbers and negatives

A fortnight is two weeks, not fifteen days. Preserve amounts, time windows, questions, negatives and words such as may and must.

Complete meaning

Keep a medical appointment distinct from a job appointment. A bank deposit, a rental bond and a builder's advance are different uses of money.

Use examples as practice

A correct individual word is not enough. Preserve who must act, what happened, the amount, the time, and qualifications such as may, must and only if.

The worked answers are possible interpretations. Equivalent natural wording can convey the same meaning. No official mark or pass prediction is assigned.
